These include medical practice; research; laboratory technology; physical, occupational and speech therapies; disease prevention; alternative medicine; and veterinary science.

Natural Resources / Agriculture

Occupations in this career pathway are related to the natural sciences, agriculture and the environment. These include agricultural sciences, earth sciences, environmental sciences; fisheries; forestry; horticulture; and wildlife.

All Pathway groups include entry-level, paraprofessional, and professional occupations.

What are Career Pathways?

Career paths are clusters of occupations that are combined together because many of the people in them share similar interests abilities, and talents. Selecting a career path provides you with an area of

FOCUS
along with
FLEXIBILITY
and a
VARIETY

of careers to pursue.

Although people change jobs many times, they seldom change from one pathway to another.

Where To Learn Of Job Openings:

- Classified Ads (newspapers, professional journals, trade magazines, etc.)
- Friends, relatives, neighbors
- Labor Unions
- Bulletin Boards (libraries, community centers)
- School or College Placement Services
- Employment Agencies
- Employers / Former Employers
- State Employment Services
- Yellow Pages
- Internet
